CASE STUDY

#AddedValue&Enrichment #FoodNutrition&Education

INFINITE WELLBEING

Based in Amber Valley, Infinite Wellbeing provides safe, entertaining and educational experiences for children who may not otherwise have access.

The Its About Me programme offers a range of activities including nutritional education and physical exercise provided through a range of enrichment activities. The programme helps participants develop a range of skills including independence, nutritional knowledge, physical wellbeing, social skills, mental wellbeing and more!

Each child receives a warm welcome in a nurturing environment. The sessions are run by supportive, friendly staff and volunteers who take pride in seeing the young people grow and develop.

Infinite Wellbeing CIC have delivered HAF in both Summer and Winter 2022. They are consistently full to capacity and have positive and rewarding results. Families have shared a wealth of positive feedback reporting increased knowledge and skills displayed by their children along with a sense of belonging and new friendships being formed.

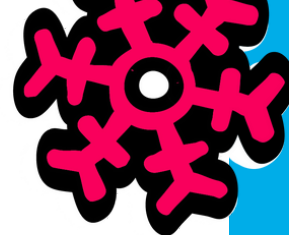

The Infinite team have a specific interest in enhancing the children's knowledge around their individual wellbeing and personal development.

"This programme is amazing and a complete life saver during the school holidays. The staff are incredible, patient, kind, happy and enthusiastic. My children come home well fed, nurtured and exhausted from all the fun varied activities and exercise. A meal for the family at the end of the day has saved us cooking, allowing special family time and my children are proud of what they have achieved. The club promotes self esteem, health and friendship and takes a lot of stress off us as a family. My girls love it so much! We need more clubs like this and I can't praise it enough." **Parent/Guardian**

"The team at Infinite Wellbeing love running the HAF programme because we can see how much of a difference it makes to our families. We love to see the children work together and form a team throughout our time together. It's absolutely heart warming to see them helping one another, and cheering each other on.

We love to see the children returning each day with a huge smile, excited for the day ahead. We're really proud of the work we do"

Infinite Team

SATISFACTION REPORT

CHILDREN

178

postcards were analysed

89.4%

of children were highly satisfied/ satisfied with their holiday programme overall

94.1%

100% of learners learnt
something new that they
will put into practice*

70% of learners found the
course useful to their
current role*

100%

of learners agreed or strongly
agreed that the course to
meet their expectations*

100% of learners thought the
course activities were
good or very good*

100%

of learners found the tutors
knowledge to be good or very
good and that the tutoring
team met their needs*

*Survey was completed by 13 of the 16 learners who undertook
StreetGames Training Academy training courses

*What aspects of the course
did you like?*

“

*The interaction. It's very easy for course
leaders to talk at participants for 3 hours
but we were told to actively engage and
the breakout rooms to discuss between
ourselves were good.*

”

“

*I like all but I love the way the information
was given so it made interesting and makes
it easy to remember what was taught.*

”

“

I thought it was excellent.
